

AG 3

Production-comprehension asymmetries in child language

Angela Grimm / Anja Müller

Die AG 3 findet statt in 11/217 (2. Stock im Schloss)

Mittwoch, 04. März 2009

14.00–14.10	Angela Grimm / Anja Müller <i>Introduction</i>
14.10–15.00	Ira Noveck <i>Semantic and pragmatic influences in enriching a speaker's meaning</i>
15.00–15.30	Nausicaa Pouscoulous <i>Very early comprehension of discourse particles</i>
15.30–16.00	Kenneth F. Drozd <i>Quantifying kids: Old puzzles, new findings</i>
16.00–16.30	K a f f e e p a u s e • C o f f e e b r e a k
16.30–17.00	Tanja Heizmann <i>Exhaustivity in questions and clefts and the quantifier connection</i>
17.00–17.30	Martin Haiden / Sandrine Ferré / Philippe Prévost / Maureen Scheidnes / Laurie Tuller <i>Production and comprehension of wh-questions in acquisition of French: Comparing L2 children and L1 children with SLI</i>
17.30–18.00	Oda Brandt / Barbara Höhle <i>Does production of verbal inflection precede comprehension? Evidence from Eyetracking</i>
18.00–18.30	Petra Schulz <i>Asymmetries in the production and comprehension of (non) factive complements</i>

Donnerstag, 05. März 2009

Special session: *Same function, different forms: Pronouns, clitics and binding theory*

09.00–09.10	Cornelia Hamann / Esther Ruigendijk <i>Introduction</i>
09.10–10.00	Naama Friedmann <i>The comprehension and production of relative clauses in acquisition and SLI: Symmetries and surprising asymmetries</i>
10.00–10.30	Petra Hendriks / Arina Banga <i>What's the topic? The interpretation of pronouns by Dutch children and adults</i>
10.30–11.00	Susan Powers <i>Contrastive Pronominal Subjects in Child English</i>
11.00–11.30	K a f f e e p a u s e • C o f f e e b r e a k
11.30–12.00	Insa Gülzow <i>Binding in pragmatic and anti-pragmatic contexts: German children's comprehension of reciprocals and reflexives in typically other-directed and self-directed events</i>
12.00–12.30	Sergio Baauw / Shalom Zuckerman <i>Principle B Delays as a processing problem: Evidence from task effects</i>
12.30–13.00	Larissa Avram / Martine Coene <i>Accusative object clitics are not all alike</i>

Freitag, 06. März 2009

11.30–12.00	Lavanya Sankaran <i>Production-comprehension asymmetry in child Tamil: The study of aspect markers</i>
12.00–12.30	Christina Bergmann / Markus Paulus / Paula Fikkert <i>A closer look at pronoun comprehension – comparing different methods</i>
12.30–13.00	Charlotte Koster / Petra Hendriks / Jan Hoeks / Ellis Wubs <i>Comprehension versus production of subject pronouns</i>
13.00–13.30	Irena Botwinik <i>What affects the comprehension/production asymmetry in the acquisition of object relatives in Hebrew and Italian, and why: Empirical evidence and theoretical contribution</i>
13.30–14.00	Natalia Gagarina / Dagmar Bittner / Milena Kühnast <i>Production and comprehension of personal pronouns in German, Russian and Bulgarian child language</i>
